### **EXAMINER'S COMMENT**

Applicants' arguments filed July 29, 2005 has been considered and is deemed to be persuasive; therefore the art rejection in the Office Action mailed May 11, 2005 has been overcome. Therefore the rejection of claims 1-9 are withdrawn in view of said arguments. Claims 10-27 have been cancelled. The examiner regrets the delay that this indication of allowable claims may have caused.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art of record fail to teach or suggest a cranial sealing plug having a ring member capable of being flush mounted into a burr hole of a patient's skull; the ring member having an opening therethrough in the center thereof and a sealing member that seals the opening in the plug ring and further wherein the ring member frictionally fit into the burr hole. None of the prior art of record suggests a cranial plug member capable of being flushed mounted into the burr hole. For these reasons, the claims are believed to be allowable over the art of record.

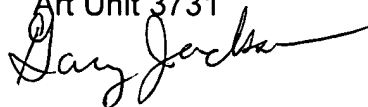

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
